OS REGISTRY

FILE Leg-6
DCID 1/14

MEMORANDUM FOR: Chairman, SECOM

FROM:

[Redacted]
Director of Security

SUBJECT: Minimum Standards For Community Security
Awareness Programs

1. This memorandum is in response to Chairman, SECOM's request that comments be forwarded regarding referenced subject. The following comments are submitted for your consideration:

- ° It is agreed that Annex C should be reissued as a separate DCID addressing not only SCI but also classified intelligence information.
- ° It is recommended that supervisory responsibility be clearly spelled out in the new DCID. It is not obviously implied in the present version.
- ° It is suggested that in the event this draft is issued as a separate DCID and is removed as an annex to DCID 1/14, the new DCID should include in paragraph 1 h (5) another subparagraph which more explicitly explains the obvious security vulnerabilities such as excessive drinking, sexual perversions, drug use and so forth.

2. A general comment about the entire draft is that, although it is adequate as an annex, it should be expanded if it is issued as a separate DCID. As a standalone, it does not adequately explain to its reader the standards and guidelines it proposes to address.
